## FLOW PACK MACHINE

FLEXIBLE PACKAGING

HS-M flow pack machine:  
product placement

The **HS-M Box Motion electronic flow pack machine** can pack a very large range of products allowing protection from external agents. An optional device allows enclosing the product in a **modified atmosphere to ensure maximum conservation.**

The **HS-M**, thanks to the **travelling electronic motion**, is suitable to package products of large dimension. It is particularly suitable for food, pet food, cosmetics, household, pharmaceutical, electromechanical sectors.
